Dear Joe:

Enclosed is a description of the work to be performed by Environmental Protection Agency contractors at the BASF Wyandotte site. The projected date for the initiation of this work is January 5, 1981. It is expected that water samples will be taken from the wells during the week of January 12, 1981.

Please contact me immediately if you need any further information or if the indicated dates present any problems.

Very truly yours,

Jerrold H. Frum
